For Second Year, Catalyst Named to Inc. 5000 List of Fastest-Growing Companies

Ranking Reflects Catalyst’s Continued Growth through a Stagnant Economy

DENVER—August 24, 2011—For the second consecutive year, Inc. magazine named Catalyst Repository Systems to the Inc. 5000, an exclusive ranking of the nation’s fastest-growing private companies. Among private companies overall, Catalyst ranked 2,237. Among companies headquartered in Denver, it ranked 49.

Catalyst earned its place on the list by maintaining steady growth through a stagnant economic environment. In its ranking, Inc. reports that Catalyst has a three-year growth rate of 110% and 2010 revenue of $21.8 million.

“Catalyst is honored to make this list for the second year running,” said John Tredennick, Catalyst’s founder and CEO. “It is a testament to our people and to our products that we continue to increase revenues, hire staff and expand operations even in the face of a poor economy.”

In the 2010 Inc. 5000, Catalyst was ranked 1,117 overall, with a 269% three-year growth rate. It was ranked 76th among U.S. software companies.

The Inc. 5000 represents the most comprehensive look at the most important segment of the economy—America’s independent entrepreneurs. In being named to the list, Catalyst joins a diverse array of prominent innovators, from top-ranked ideeli, an online retailer, to Spirit Airlines, television maker Vizio, Honest Tea, Dunkin Donuts and Metrokane, makers of the Rabbit corkscrew.

“Now, more than ever, we depend on Inc. 500/5000 companies to spur innovation, provide jobs, and drive the economy forward. Growth companies, not large corporations, are where the action is,” says Inc. magazine Editor Jane Berentson.
